- ***Tools**- Github, Firebase, Netlify, Heroku, Webpack, Create React App, NPM, VS Code, Chrome Dev tool

EXPERIENCE

❖ 8Pears Solution Limited

Intern as Junior Web Developer

Date: Jan 2019 – April 2019 📍 Mirpur DOHS, 734 Avenue 4, Dhaka

Responsibilities: ↴

- ☛ There had to lead a small team of front end developers
- ☛ I had to complete 5+ Projects here.
- ☛ I had to optimize the application for maximum speed and scalability
- ☛ I used to create a fully web-based application.

❖ Antopolis

Full-Time Junior Web Developer

Date: February 2021 – Now 📍 Gulshan-1, 87, 89 Rd No 4, Dhaka 1205

PROJECTS

❖ Exclusion Photography

A full-stack responsive service selling web app. That's also multipage. This app has a user dashboard and also have an admin dashboard.

Features:

- People can select and order a service,
- People can see his / her ordered services and services are pending / ongoing / done.
- People also able to give his / her review and the review also show on the website.
- Admin can add a service and also delete a service and added service also shows on the website.

- Admin can see All ordered services and able to change services is pending / ongoing / done.
- Admin also adds other Admin. And also added a payment gateway system with stripe

Technology: *React.js *Rest Api *React Router *React Hook Form *Node.js *Express.js *Stripe
*Payment system *MongoDB *React Bootstrap *Heroku *Firebase *HTML *CSS

- **Live Website:** <https://exclusions-photography.web.app/home>
- **Frontend Code:** <https://github.com/arr-atiq/exclusion-photography>
- **Backend Code:** <https://github.com/arr-atiq/exclusion-photography-server>

❁ The Book House

A full-stack responsive another service selling web app. That's also a multipage app where you can buy services.

Features:

- Admin panel created
